

WALTON HIGH SCHOOL

a specialist science school

The Rise, Walton-on-the-Hill, Stafford ST17 0LJ

Headteacher: Mr N D Finlay BA (Hons)

Deputy Headteachers: Mr B Fletcher BSc (Hons) MSc
Dr J Rowley PhD BSc (Hons)

STAFFORD COLLEGIATE

Many of you will be aware that for the past number of years Walton High School has been part of the Post 16 Stafford Collegiate. Recently, drastic changes in Sixth Form funding have meant that this model has become more and more expensive and increasingly difficult to justify.

Consequently, the Governing Body at Walton High School has decided to run a completely independent Sixth Form for all new Year 12 students from September 2016 onwards. Governors have been reassured that all of the major courses which are currently offered as part of the Stafford Collegiate will continue to be provided at Walton High School for all students. Clearly, the major benefit is that there will be no time lost due to movement between sites.

This decision will have no impact on current Year 12 or Year 13 students. We will remain a full and active member of the Stafford Collegiate with regard to their education until they have completed their Sixth Form courses.

Yours sincerely

Mr N D Finlay
Headteacher

Mr A Silverwood
Director of Sixth Form

The school is committed to safeguarding and promoting the welfare of children and young people and expect all staff and volunteers to share this commitment.
